Terms of Coverage

This contract covers only those parts, systems, and appliances specifically mentioned as covered. All coverage is subject to limitations and conditions mentioned in this contract.

If an item fails during the contract term, the contract holder must contact our Customer Service Department toll-free at 866-993-2302. Calls are received 24 hours a day and 7 days a week. Should the contract holder contact directly with others or do the work themselves, HGHW will not be responsible for reimbursement of that cost. Upon receiving a request for service, HGHW will call a qualified contractor within 3 hours during normal business hours, and 48 hours on weekends or holidays. The contractor will then call the contract holder directly to schedule a mutually convenient appointment during normal business hours. Service will be initiated within 48 hours after the request for service is received. HGHW will determine what services constitute an emergency and will make reasonable efforts to expedite emergency service within 24 hours. If the contract holder should request HGHW to perform service outside normal business hours, the contract holder will be responsible for payment of additional fees, including overtime.

When we request or authorize you to obtain an independent out of network contractor to perform diagnosis and/or service:

1. The Contractor must be qualified, licensed, and insured, and charge fair and reasonable rates for parts and service.
2. Once the technician is at the home, and prior to any services being rendered, you must call our authorization department with the technician's diagnosis and dollar amount of services required. Covered repairs or replacements will be authorized if work can be completed at an agreed upon rate, 866-993-2302.
3. We will provide an authorization number for the covered services and dollar amount that we have authorized.
4. Upon completion of the authorized services, the contractor must provide you an itemized invoice for the authorized charges.
5. You must submit the itemized invoice, including the authorization number provided by us, for reimbursement.
6. One deductible is due per each item covered by this contract. The deductible(s) will be subtracted from any reimbursement provided.
7. You are expected to pay the independent out of network contractor directly for the services rendered and then submit the invoice to us for reimbursement. We accept invoices by fax 866-993-2303, U.S. mail at 510 Madera Avenue, San Jose CA 95112, or email to: service@HGHW.com.
8. Failure to contact us and follow procedures 1-7 above may result in denial of coverage.
9. This contract covers single-family dwellings under 5,000 square feet unless amended by HGHW prior to the close of escrow. Call 866-993-2301 for prices on homes in excess of 5,000 square feet, multi-unit homes, guest homes, casitas and the like. Coverage begins when appropriate fees are paid. This coverage is for owned residential property only. Covered dwellings cannot be used for day care centers, nursing homes, care homes, fraternity/sorority houses or any other commercial purpose. Coverage on leased property and vacation rentals is available for the lessor only. Contract fees are due and payable to HGHW upon execution of the lease. Coverage continues for 12 months from the lease origination date.

We will provide service for covered systems and appliances which malfunction during the term of the Plan that:

- Are installed for diagnosis and located within the interior of the main foundation of the home and garage (inside the load bearing walls of the structure). Systems or appliances located on the exterior or outside of the home (including porch, patio, etc.) are not covered unless otherwise noted in the contract.
- Are in good, safe working order at the start of coverage and were correctly installed.
- Have become inoperable due to normal wear and tear and use, rust/corrosion, and chemical or sediment build-up during the term of the contract.
- **Pre-existing conditions are not covered.**
- **If not stated under "covered" it is excluded from our contract.**

Coverage may apply to a malfunction which existed on the effective date of the Home Owners Coverage if, at that time, the malfunction was undetectable and would not have been detectable by visual inspection and simple mechanical test. A visual inspection of the covered item verifies that it appears structurally intact and without damage or missing parts that would indicate inoperability. A simple mechanical test consists of turning the unit on and off, verifying the unit operates without irregular sounds, smoke or other abnormal outcome.

Contract holder must cooperate with HGHW in HGHW's investigation into any claim under this contract. Cooperation includes, but is not limited to: (a) making contract holder available at reasonable times for communications with HGHW's representatives; (b) providing truthful and accurate information to HGHW's representatives to full extent of contract holder's knowledge; (c) making premises available at reasonable times for inspection; and (d) providing HGHW with all estimates, damage evaluations, fire and police reports, and all other relevant documentation within 10 calendar days of a HGHW representative's request for documents. This paragraph is a material provision of this contract, and contract holder's breach of this paragraph constitutes a ground for denial of coverage.

SERVICE CALL FEE

There is a \$95 service fee for each trade call, or actual cost, whichever is less, paid to each contractor at the time of service (i.e. if you need a plumber and an appliance technician each will require a service fee). The contract holder is responsible for payment of the trade service call fee after a service request is dispatched and scheduled to a service contractor. This includes when:

- A service contractor is in route to the customer's home;
- A customer fails to provide accessibility necessary to perform the service request;
- A service contractor's diagnosis results in a complete or partial exclusion of coverage;
- HGHW approves a customer's request for a partial exclusion.

Failure to pay the service fee will result in suspension of coverage until such time as the proper fee is paid. Upon receipt of that payment, coverage will be reinstated for the remainder of the contract term. Service request must be received prior to the expiration of the contract term.

Service work is guaranteed for 30 days on labor and 90 days on parts without an additional service fee. The 30 day guarantee only applies to malfunctions that are reported to HGHW during the term of this contract. Pest control service work is guaranteed for 30 days from the original date of service.

COVERAGE

Renewal coverage will begin following receipt of payment by HGHW. Coverage for homes outside of escrow will begin 30 days following receipt of payment by HGHW. Optional Coverage selected may be unavailable at time of renewal. You must request and pay for Optional Coverage within the 30 day grace period.

RENEWAL

If eligible for continuation of coverage for another one-year term, contract holder will be notified by mail within 60 days prior to the expiration of the current contract of prevailing rates and terms for continuation and may make changes to plan coverage for the next year at this time. Contracts on monthly auto charge payment plans will be scheduled for automatic continuation for another one-year term unless the contract holder notifies HGHW in writing to discontinue future plan coverage 30 days prior to the expiration of the current contract. Offer for future coverage is at HGHW's sole discretion. You will be notified of rates and terms for continuation coverage.

PERMITS AND OTHER FEES

- When government regulations, building, and/or similar code criteria require improvements and/or additional costs to service a covered system and/or appliance including permits, the costs to meet the proper code criteria shall be the sole responsibility of the contract holder, except where otherwise noted in this contract.

Where toxic, hazardous or controlled materials or containment including but not limited, to asbestos, PCB's, lead paint or like are found or suspected, HGHW shall be under no obligation to service or repair the affected item or system.

ARIZONA CONTRACT HOLDERS

This contract may be cancelled by HGHW for the following reasons:

- Nonpayment of contract fees or other breach of this contract by the customer;
- Fraud or misrepresentation by the customer and/or customer representative of facts material to HGHW's issuance of this contract;
- Or a change in laws or regulations that has a material effect on the business of HGHW or HGHW's ability to fulfill its obligations under this contract.

The customer may cancel this contract at any time and for any reason.

If the customer or HGHW cancel the contract following the beginning of the contract term, the cancellation is subject to the following:

- If HGHW has not provided any services, the customer will receive a full refund of all contract fees paid, minus an administrative fee of \$75 or ten percent of the purchase price of the service contract, whichever is less. Any administrative expense assessed may not exceed the amount of the refund due to the service contract holder.
- If HGHW has provided services and the amount of the service costs incurred by HGHW is less than the contract fees paid, the customer will receive a refund of the contract fees paid, less the service costs incurred by HGHW, minus an administrative fee of \$75 or ten percent of the purchase price of the service contract, whichever is less. Any administrative expense assessed may not exceed the amount of the refund due to the service contract holder.
- If the contract fees are billed through a mortgage loan that is later sold or paid in full, then uninterrupted coverage can be arranged by immediately calling 866-993-2302 to establish an alternate payment method. This contract will be deemed cancelled if the contract holder fails to initiate such payment arrangements within 30 days.

CASH IN LIEU/REPLACEMENT

Circumstances where the cost of completing a full repair or replacement exceeds a stated contract dollar limit, HGHW will pay an amount equal to the contract dollar limit in lieu of providing repair or replacement services. Some or all of this payment may be made to you and/or a service contractor, in all other circumstances:

- HGHW reserves the right to require you to accept cash in lieu of repair or replacement services in an amount based on what the ordinary customer would expect to pay after negotiating the best price for such services in your area and without the benefits of this contract when:
 - Following a response to a covered breakdown, the item would remain non-compliant with applicable laws, regulations or code requirements.
 - The item is subject to a manufacturer's recall for a defect unrelated to the covered breakdown.
 - An item becomes non-repairable and a replacement item is no longer available.
- HGHW may also offer you the option of accepting cash in lieu of repair or replacement services based on what HGHW would ordinarily expect to pay for parts and labor for covered items, an amount that is usually less than retail cost or actual cost. HGHW is not obligated to extend such an offer in any particular instance. Such offers are typically made subject to restrictions and must be submitted during the contract term.

HGHW is not responsible for work performed by any contractor once cash in lieu of work has been authorized. HGHW is also not responsible for non-covered work performed or non-covered costs charged by a contractor dispatched to provide covered services.
