Terms of Coverage

This contract covers only those parts, systems, and appliances specifically mentioned as covered. All coverage is subject to limitations and conditions mentioned in this contract.

FOR SERVICE

If an item fails during the contract term, You must contact Our Customer Service Department toll-free at 866-993-2302. Services will be performed upon telephonic request therefor to the company, without any requirement that claim forms or applications be filed prior to the rendition of service. Calls are received 24 hours a day and 7 days a week. Should You contract directly with others or do the work themselves, HGHW will not be responsible for reimbursement of that cost. Upon receiving a request for service, HGHW will call a qualified contractor ("Service Provider") within 3 hours during normal business hours. The Service Provider will then call You directly to schedule a mutually convenient appointment during normal business hours. Services will be initiated by or under HGHW's direction within 48 hours after request is made for such services by You or Your representative or agent.

In cases of EMERGENCY, We will make reasonable efforts to expedite service, including initiating our service effort within 24 hours. An emergency is defined as a service issue resulting in 1) No electricity, gas, water or toilet facilities to the entire home; 2) A condition that immediately endangers health and safety; 3) A condition that interferes with healthcare support or occupants; and/or 4) A system malfunction that is causing ongoing damage to the home. Other conditions may, at Our discretion, be considered an emergency. If You should request non-emergency service outside of normal business hours, You will be responsible for additional fees, including overtime.

To ensure You receive reputable and unbiased service, We have built an extensive network of SERVICE PROVIDERS who provide service to Our Plan Holders at fair and reasonable rates. Our network however, is not all inclusive for every trade, in every town, across the nation. For that reason, We may request or authorize You to contact an Independent Out-of-Network Service Provider directly to obtain service. This will apply in limited circumstances as Our extensive network of Service Providers covers the vast majority of the relevant market. When We request or authorize You to obtain an INDEPENDENT OUT-OF-NETWORK CONTRACTOR to perform diagnosis and/or service:

1. The Service Provider must be qualified, licensed, and insured, and charge fair and reasonable rates for parts and service.
2. Once the technician is at the home, and prior to any services being rendered, You must call Our authorization department with the technician's diagnosis and dollar amount of services required. Covered repairs or replacements will be authorized if work can be completed at an agreed upon rate, 866-993-2302.
3. We will provide an authorization number for the covered services and dollar amount that We have authorized.
4. Upon completion of the authorized services, the Service Provider must provide You an itemized invoice for the authorized charges.
5. You must submit the itemized invoice, including the authorization number provided by Us, for reimbursement.
6. One trade service request fee is due per each item covered by this contract. The trade service request fee(s) will be subtracted from any reimbursement provided.
7. You are expected to pay the independent out of network Service Provider directly for the services rendered and then submit the invoice to Us for reimbursement. We accept invoices by fax 866-993-2303, U.S. mail at 510 Madera Avenue, San Jose CA 95112, or email to: service@HGHW.com.
8. Failure to contact Us and follow procedures 1-7 above may result in denial of coverage. This contract covers single-family dwellings under 5,000 square feet unless amended by HGHW prior to the close of escrow. Call 866-993-2301 for prices on homes in excess of 5,000 square feet, multi-unit homes, guest homes, casitas and the like. This coverage is for owned residential property only.

Covered dwellings cannot be used for day care centers, nursing homes, care homes, fraternity/sorority houses, short term rentals (Vrbo and Airbnb) or any other commercial purpose. Coverage on leased property is available for the lessor only. Contract fees are due and payable to HGHW upon execution of the lease. Coverage continues for 12 months or 2 years from the lease origination date.

We will provide service for covered systems and appliances which malfunction during the term of the Plan that:

- Are installed for diagnosis and located within the interior of the main foundation of the home and garage (inside the load bearing walls of the structure). Systems or appliances located on the exterior or outside of the home (including porch, patio, etc.) are not covered unless otherwise noted in the contract.
- Are in good, safe working order at the start of coverage and were correctly installed.
- Have become inoperable due to normal wear and tear and use, rust/corrosion, and chemical or sediment build-up during the term of the contract.
- Pre-existing conditions are not covered.
- If not stated under "covered" it is excluded from Our contract.

Coverage may apply to a malfunction which existed on the effective date of the Home Buyer's Coverage if, at that time, the malfunction was undetectable and would not have been detectable by visual inspection and a simple mechanical test. A visual inspection of the covered item verifies that it appears structurally intact and without damage or missing parts that would indicate inoperability. A simple mechanical test consists of turning the unit on and off, verifying the unit operates without irregular sounds, smoke or other abnormal outcome. A simple mechanical test performed during first time use, after the start of the policy, will deem the failure pre-existing.

You must cooperate with HGHW in HGHW's investigation into any claim under this contract. Cooperation includes, but is not limited to: (a) making Yourself available at reasonable times for communications with HGHW's representatives; (b) providing truthful and accurate information to HGHW's representatives to full extent of Your knowledge; (c) making premises available at reasonable times for inspection; and (d) providing HGHW with all estimates, damage evaluations, fire and police reports, and all other relevant documentation within 10 calendar days of a HGHW representative's request for documents. This paragraph is a material provision of this contract; and Your breach of this paragraph constitutes a ground for denial of coverage.

TRADE SERVICE REQUEST FEE (COMMONLY KNOWN AS A "TRADE CALL FEE")

You are required to pay a trade service request fee any time HGHW dispatches a Service Provider to Your home to respond to a service request You submit to HGHW. For example, if Your trade service request requires HGHW to dispatch both a plumber and an appliance technician, a separate trade service request fee will apply for each Service Provider. Generally, a trade service request fee is \$85, unless You purchase the \$50 trade service request fee option (see Section C. "Optional Coverage" Item 24.). Your specific trade service request fee will be listed on the Declaration of Coverage mailed to You upon receipt of payment for Your HGHW plan. The trade service request fee is due once You request service requiring HGHW to dispatch a Service Provider to Your home and is due at that time regardless of whether, a) the requested service is covered or denied, b) the diagnosis results in a complete or partial exclusion of coverage, c) the Service Provider is en route to the home and You cancel the appointment, d) You fail to provide the necessary access to perform the service request, including not being home at the time of the prearranged appointment. Only one trade service request fee will be due for a trade service request as to any one item, even if a Service Provider is required to return to Your home more than once to address that item. Failure to pay a trade service request fee will result in suspension of coverage until the proper fee is paid. Upon receipt of that payment, coverage will be reinstated for the remainder of the contract term. To be clear, a trade service request occurs only when You ask HGHW to have a Service Provider provide a service at Your home. A trade service request does not include calls to HGHW in which You do not ask HGHW to have a Service Provider provide a service at Your home. For example, calls to HGHW to inquire about the terms of this agreement, a status update on a pending claim, or other inquiries in which You do not request to have a Service Provider provide a service at Your home, are not a trade service request and no trade service request fee will be due.

SERVICE WORK

Service work is guaranteed for 30 days on labor and 90 days on parts without an additional trade service request fee. The 30 day guarantee only applies to malfunctions that are reported to HGHW during the term of this contract. Pest control service work is guaranteed for 30 days from the original date of service.

BUYER'S COVERAGE

Buyer's coverage starts at the close of escrow and continues for 12 months or 2 years provided the contract premium is paid at the close of escrow. (Premium must be received within 30 calendar days after close of escrow.) Where contract premium has not been received by HGHW service will be dispatched once contract payment can be verified by the closing agency and/or another source of premium coverage is paid (i.e. credit card). **Coverage for homes outside of escrow will begin 30 days following receipt of payment by HGHW.** Optional Coverage selected may be unavailable at time of renewal. There is a 60 day grace period from the close of escrow during which You may add Optional Coverage. You must request and pay for Optional Coverage within the 60 day grace period. This Plan is transferable to a new owner. In that event, please notify Us.

NEW CONSTRUCTION

New Construction Home Buyers Plan coverage and any optional coverage begins on the close of sale or the first anniversary of the close of sale and continues for five years from that date, provided that the plan fee is received by HGHW within 30 calendar days from the close of sale. All systems and appliances to be covered must be in good working condition at the time coverage begins. Anytime during the policy You may call HGHW for assistance in the event of a problem with systems or HGHW will assist the home buyer in contacting the manufacturer, or contact the manufacturer on the home buyer's behalf to determine the remedies available under the manufacturer's warranty for the system or appliance associated with the call.

OPTIONAL SELLER'S COVERAGE

Optional Seller's Coverage is available only in conjunction with the purchase of coverage for the Home Buyer's Plan and begins upon issuance of a confirmation number by HGHW and continues for 180 days, close of escrow or termination of listing, whichever occurs first. Seller's Coverage only covers the Standard or Advantage Plan items; includes all items except for Pest Control (Limited), Re-Key Service, Roof Leak (Limited) & Subterranean Termite Treatment. Optional items are not available for Seller's Coverage. During Seller's Coverage period, We will not pay in excess of \$1,500 for diagnosis and repair or replacement of the air conditioning and related equipment. During Seller's Coverage period, We will not pay in excess of \$500 for diagnosis and repair or replacement of the furnace and/or ductwork. Seller's Coverage is not available on homes in excess of 5,000 square feet, multi-unit homes, guest homes, casitas and the like.

Where toxic, hazardous or controlled materials or containments including but not limited to asbestos, PCB's, lead paint or the like are found or suspected, HGHW shall be under no obligation to service or repair the affected item or system.

CASH IN LIEU/REPLACEMENT

In limited circumstances, e.g., where HGHW can determine that repair or replacement would be impossible or economically wasteful due to the age and obsolescence of an appliance or system, or where the cost of completing a full repair or replacement exceeds a stated contract dollar limit, HGHW will pay an amount equal to the contract dollar limit in lieu of providing repair or replacement services. Some or all of such payment may be made to You and/or a Service Provider. HGHW reserves the right to require You to accept cash in lieu of repair or replacement services in an amount based on what the ordinary customer would expect to pay after negotiating the best price for such services in Your area and without the benefits of this contract when:

1. Following a response to a covered breakdown, the item would remain non-compliant with applicable laws, regulations or code requirements.
2. The item is subject to a manufacturer's recall for a defect unrelated to the covered breakdown.
3. An item becomes non-repairable and a replacement item is no longer available.
4. In the limited circumstance where We request or authorize You to contact an Independent Out-of-Network Service Provider directly to obtain service.

HGHW may also offer You the option of accepting cash in lieu of repair or replacement services based on what HGHW would ordinarily expect to pay for parts and labor for covered items, an amount that is usually less than retail cost or actual cost. HGHW is not obligated to extend such an offer in any particular instance. Such offers are typically made subject to restrictions and must be submitted during contract term.
